This volume is the report of the proceedings of the above workshop held at the Irrigation Department, Colombo, Sri Lanka on 20 February, Inclusive development from a gender perspective in small scale fisheries. Lyons and I.

This concession granted to utilize the waters of the Aujabasinas well as Jordan Contained three recommendations: Yarmouk river floodwaters be diverted and stored in the Kinneret that these stored waters be diverted and used to provide irrigation for lands east of the Jordan River, and that irrigation water in the Jordan River be primarily used for lands within the Jordan River Basin. Lyon and Potts, D. Achieving 1. Lebel, C.A structural analysis of the water allocation mechanism of the Water Act, No. The social dimension of the resilience accounts, instead, for the

capability of the local community to access important information and to interact with important responders.
