In recent years primary education has been the subject of continuing debate with questions of Pick Me!
IfyouclickDeleteyounolongerhaveaccesstoanyclasspostsorcomments.
This question is far from trivial and there are no definitive answers. There are also other technological resources that an instructor might want to have available, such as an overhead projector, a VCR, a document camera, software that allows instructors to monitor students' laptops. But there is a tendency to present more material than the students can absorb, so instructors must keep this in mind.
