As the scientific domain was neither fully professionalized nor totally discrete, the public nature of the debate legitimized each and every intervention. Yet these individuals continued to pursue and realize the economic, industrial and other projects that had been their concern during their period as Saint-Simonians; their utopian projects were of course evacuated of the contestatory quality invested in them by militant Saint-Simonianism, and as such became indissociable from the operations of power in the Second Empire. Rotherham and David McCallam.
