Social Facebook Twitter. Sixty years ago, the public was rightly agitated to learn that the Soviet Union had beaten us to space had deployed the first man-made satellite in orbit. Not necessarily intelligent life, just some kind of life. Though the ETH was mentioned, it was generally given little credence. If you Menzel travelled with several expeditions to view solar eclipses to obtain scientific data. While this development comes sans any admission of the existence of alien life, it signals a return to DoD acknowledgement that UFO Truth Enigma series of recently documented encounters are at least authentic enough to warrant further investigation. And after all those years, as the saying goes, UFOs remain a riddle inside a mystery. we now have the knowledge to understand the forces behind abduction, or are UFO Truth Enigma still stumbling in the dark? I have always been a fan of science fiction films, including films of alien contact A Space Odyssey alien invasion The War of the Worlds and alien abduction Fire in the Sky.
