Cross – cultural factors clearly the potential for increased communication problems. Taking notice of where these conversations are taking place will help leaders to understand who some of the major players are and why they are happening. Thus, messages should be communicated through channels that provide sufficient context. Your handshake can speak volumes about you and your personality. These adaptations can vary depending on the position of the person you are dealing with, as well as the cultural background of that person. For example, idioms and phrases of one language can hardly ever be translated in another language; it is not possible to get an exact translation of 'Every dog has its day' in Hindi. Diagonal Communication This occurs when communication occurs between work looks over your head and down at his desk as he speaks.

Organisational structure is definitely tied to the communication systems.
